Principal Leadership for Effective Use of PGES Data

An activity-based workshop for principals, school leadership teams, and central office staff on how principals can use PGES data to support teacher professional growth

Learn how to:

- Lead school staff in using PGES data to support teachers’ professional growth trajectories.
- Build common understandings about how PGES data can provide information to improve teaching and learning.
- Distribute leadership to support teachers in using PGES data to improve their practice.

Presenter:

- Dr. Jeffrey C. Wayman, President, Wayman Services, LLC

Opening remarks by:

- Mr. Kevin Stull, Chief Strategic Advisor, Office of Next-Generation Learners
