Understanding the West Virginia Growth Model

What is the West Virginia Growth Model, and what are its applications in schools?

How can I learn more about the Smarter Balanced Assessments and what resources are available to me for my school or classroom?

**Audience:**
- County-level administrators, principals, and teachers in the West Virginia public education system.

**Presenters:**
- Dr. Damian Betebenner, Senior Associate, The National Center for the Improvement of Educational Assessment
- Mr. Timothy Butcher, Coordinator, Office of Assessment and Research, West Virginia Department of Education
- Dr. Vaughn G. Rhudy, Coordinator, Office of Assessment and Research, West Virginia Department of Education, and K-12 State Lead for Smarter Balanced Assessments
